PROSPECTUS SUMMARY

The following is a brief description of Northeast Bancorp and is qualified in its entirety by, and should be read together with, the detailed information and financial statements incorporated by reference in this Prospectus. See "Incorporation of Certain Documents by Reference". Prospective investors are encouraged to refer to such incorporated documents for a more complete description of Northeast Bancorp.

This Prospectus and the documents incorporated or deemed incorporated herein by reference contain certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, such as statements relating to the financial condition and prospects, loan loss reserve adequacy, year 2000 readiness, simulation of changes in interest rates, results of operations, plans for future business development activities, capital spending and financing sources, capital structure, the effects of regulation and competition, litigation results, and the business of Northeast Bancorp. Where used in this Prospectus, the words "anticipate", "believe", "estimate", "expect", "intend", and similar words and expressions, as they relate to the Company or the management of the Company, identify forward-looking statements. Such forward-looking statements reflect the current views of the Company and are based on information currently available to the management of the Company and upon current expectations, estimates, and projections about the Company and its industry, managements' beliefs with respect thereto, and certain assumptions made by management. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors which could cause actual results to differ materially from those expressed or implied by such forward-looking statements as a result of various factors. Potential risks and uncertainties include, but are not limited to: (i) competitive pressure in the banking, broker-dealer, or financial services industries increasing significantly; (ii) changes in the interest rate environment which reduce margins; (iii) changes in political conditions or changes occurring in the legislative or regulatory environment; (iv) general economic conditions, either nationally or regionally, becoming less favorable than expected resulting in, among other things, a deterioration in credit quality; (v) changes occurring in business conditions and inflation; (vi) acquisitions and integration of acquired businesses or assets; (vii) changes in technology; (viii) changes in monetary and tax policies, (ix) changes occurring in the securities markets; and (x) other risks and uncertainties detailed from time to time in the filings of the Company with the Commission.

THE COMPANY

THE COMPANY

Northeast Bancorp, a Maine corporation chartered in April 1987, is a unitary savings and loan holding company whose primary subsidiary and principal asset is Northeast Bank, F.S.B. (the "Bank"). The Company, through its ownership of the Bank, is engaged principally in the business of originating and purchasing residential and commercial real estate loans in the State of Maine and its primary source of earnings is derived from the income generated by the Bank. Although historically the Bank has been primarily a residential real estate lender, it also generates other loans and provides other services and products traditionally furnished to customers by full service banks. The overall strategy of the Company is to increase the core earnings of the Bank by developing strong interest margins, non-interest fee income, and increasing volume by expanding its market area. As of March 31, 1998, the Company, on a consolidated basis, had total assets of approximately \$311 million, total deposits of approximately \$174 million, and stockholders' equity of approximately \$24 million. Unless the context otherwise requires, references herein to the Company include the Company and the Bank on a consolidated basis.

THE BANK

The Bank (which was formerly known as Bethel Savings Bank F.S.B. ("Bethel")) is a federally-chartered savings bank which was originally organized in 1872 as a Maine-chartered mutual savings bank. In 1987, Bethel converted to a stock form of ownership and in subsequent years has engaged in a strategy of both geographic and product expansion. In 1990, the Company purchased Brunswick Federal Savings, F.A., which had its headquarters, in Brunswick, Maine, a mid-coastal community, and in 1994, the Company purchased four branch offices from Key Corp. In 1996, the Company merged its two wholly-owned subsidiaries, Bethel

and Brunswick Savings, F.A. and, pursuant to the merger, Bethel, the surviving savings bank, changed its name to Northeast Bank, F.S.B. Most recently, in October 1997, the Company completed its merger of Cushnoc Bank & Trust, a commercial bank located in Augusta, Maine ("Cushnoc"), with and into the Bank. As a result of the merger, the Bank added two branches which have expanded its market area to include Maine's capital city and surrounding communities, an area that management believes offers significant growth opportunities. With the addition of the two Augusta area branches, the Bank now has a total of eleven banking branches.

From its eleven retail banking branches located throughout western, central, and the mid-coastal regions of the State of Maine, and through the Bank's subsidiaries and other affiliations, the Bank offers its customers access to a broad range of real estate, commercial, and consumer financial products, including, but not limited to loans, deposit and investment services, trust services, credit cards, ATM access, debit cards, electronic transfer services, leasing, and other services. The Bank believes that the local character of its business and its "community bank" management philosophy allows it to compete effectively in its market area. The Bank has branch locations in Auburn, Augusta, Bethel, Brunswick, Buckfield, Harrison, Lisbon Falls, Richmond, and South Paris, Maine.

In connection with its conversion into a federal savings bank in 1984, the Bank retained its then-authorized powers as a Maine-chartered mutual savings bank. Under applicable regulations, except as otherwise determined by the Office of Thrift Supervision ("OTS"), the Bank retains the authority that it was permitted to exercise as a mutual savings bank under the state law existing at the time of the conversion. Historically, Maine-chartered savings banks have had certain lending, investment, and other powers that have only recently been granted to federal savings institutions, including commercial lending authority and the ability to offer personal checking and negotiable order of withdrawal ("NOW") accounts. Accordingly, the Bank has had broad powers to engage in non-residential lending activities. In addition, the unitary savings and loan holding company charter is widely recognized for the broad range of powers that is provided thereunder.

The Bank's corporate philosophy is to offer a wide array of financial products and services with an emphasis on a high level of personalized service, thereby enhancing its ability to generate significant income diversity. In the past, the Bank has been primarily a residential mortgage lender. As a result, the Bank's business has historically consisted of attracting deposits from the general public through its retail banking offices and applying those funds primarily to the origination, retention, servicing, investing in, and selling first mortgage loans on single and multi-family residential real estate. During the past few years, the Bank has placed additional emphasis on consumer lending and small business, home equity, and commercial loans. The Bank also lends funds to retail banking customers by means of home equity and installment loans, and originates loans secured by commercial property and multi-family dwellings. The Bank also has developed the ability to generate indirect dealer consumer loans used for the purchase of mobile homes and automobiles. Management's community banking strategy emphasizes the development of full banking relationships with the Bank's customers by providing consistent, high quality service. With the goal of providing a full range of banking services to its customers and in an effort to develop strong primary banking relationships with businesses and individuals, the Bank has expanded its commercial banking operations by selectively making commercial loans to small and medium sized companies. In this regard, the Bank's business development efforts have been directed towards full service credit packages and financial services, as well as competitively priced mortgage packages. At March 31, 1998, the Bank's loan portfolio consisted of 65% residential real estate mortgages, 18% commercial real estate mortgages, 9% commercial loans, and 8% consumer loans. At March 31, 1998, the Bank's lending limit was approximately \$3.5 million. In addition, the Bank invests in certain U.S. government and agency obligations and other investments permitted by applicable law and regulations.

Consistent with its goal of providing a full range of banking services, the Bank also offers to its customers financial planning, trust, and employee benefit services, and, through its subsidiary, Northeast Financial Services Corporation, it offers investment services and access to any and all lines of insurance products. Northeast Financial Services Corporation, which is located at the Company's headquarters in Auburn, Maine, offers the Bank's customers access to investment and annuity products. In order to make these services

available, Northeast Financial Services Corporation has affiliated with Commonwealth Equity Services, Inc., a fully licensed New York securities firm, which licenses the brokers who sell such products and services.

Trust services and products are provided to Bank customers through Northeast Trust, a division of the Bank. First New England Benefits, which is a part of the Bank's trust division, designs and administers qualified retirement plans, such as profit sharing, pension, and 401(k) plans. Northeast Trust, working with its First New England Benefits division, has made a significant investment in the development of a "turn key" employee benefit product which is designed to provide a high level of service and education to its participants at a competitive price. In view of the nationwide popularity of employment retirement programs, management anticipates growth in the revenues generated from this product.

The Bank is subject to examination and comprehensive regulation by the OTS and its deposits are insured by the Federal Deposit Insurance Corporation (the "FDIC") to the extent permitted by law. The Bank also is a member of the Federal Home Loan Bank of Boston. For a more detailed description of the business of the Company and the Bank, see the description set forth in the Company's Form 10-K for the fiscal year ended June 30, 1997, which is incorporated herein by reference.

The principal executive offices of Northeast Bancorp and the Bank are located at 232 Center Street, Auburn, Maine, 04210, and their telephone number is (207) 777-6411.

RECENT DEVELOPMENTS

On October 24, 1997, in accordance with the terms of an Agreement and Plan of Merger, dated as of May 9, 1997, by and among the Company, the Bank, and Cushnoc, the Company consummated its acquisition of Cushnoc and merged it with and into the Bank. Pursuant to the merger, stockholders of Cushnoc received 2.089 shares of the Company's Common Stock in exchange for each share of Cushnoc common stock held by them. In lieu of the issuance of fractional Common Stock, cash was paid for each such fraction. As a result of the merger, 187,940 shares of Common Stock were issued to former Cushnoc stockholders. The merger was accounted for under the pooling-of-interests method of accounting.

On December 15, 1997, the Company paid a 50% stock dividend on all outstanding shares of Common Stock held of record as of November 26, 1997. As a result of the stock dividend, the number of shares of outstanding Common Stock increased from 1,481,734 shares to 2,222,541 shares. In addition, the conversion rate at which Series A and Series B Preferred Stock may be converted into Common Stock and all outstanding options and warrants pursuant to which Common Stock may be purchased upon their exercise, also were automatically adjusted in accordance with their terms to eliminate any dilutive effects of the stock dividend.

On April 21, 1998, the Selling Stockholder converted all 71,428 shares of Series B Preferred Stock outstanding into shares of Common Stock on a three-for-one basis and exercised warrants to purchase 10,000 shares of Common Stock.

SELECTED FINANCIAL INFORMATION

The following table presents selected financial information for the Company. The selected financial information is based on, derived from, and should be read in conjunction with, the consolidated financial statements of the Company and the related notes incorporated herein by reference. The consolidated selected financial data have been restated to include the accounts and operations of Cushnoc for all periods. The selected financial information provided for the nine months ended March 31, 1998 and 1997 has been derived from unaudited interim financial statements of the Company, which include all adjustments, consisting of the restatement for the Cushnoc merger transaction, and other normal recurring accruals, which the Company and the Bank consider necessary for a fair presentation of the financial position and results of operations for those periods. Results for the nine months ended March 31, 1998 are not necessarily indicative of results that can be expected for any other interim period or for the entire fiscal year ending June 30, 1998.

RISK FACTORS

A prospective investor should review and consider carefully the following factors, together with the other information contained, or incorporated by reference, in this Prospectus, in evaluating an investment in the Common Stock offered hereby. Any one or more of such factors may cause the Company's actual results for various financial reporting periods to differ materially from those expressed in any forward-looking statements made by or on behalf of the Company.

CONCENTRATION IN REAL ESTATE LOANS

At March 31, 1998, approximately 83% of the Company's loans were secured by real estate. Therefore, the Company's ability to conduct its mortgage lending business and the value of the Company's real estate collateral could be adversely affected by adverse changes in the real estate markets in which the Company conducts its business. At March 31, 1998, approximately 88% of the principal amount of the Company's real estate loans were secured by properties located in the State of Maine. A decline in real estate values in Maine would increase the risk that losses would be incurred should borrowers default on their loans.

At March 31, 1998, approximately 18% of the principal amount of the Company's loans was secured by commercial real estate. Commercial real estate loans generally present a higher level of risk than loans secured by one-to-four family residences due to the concentration of principal in a limited number of loans and borrowers, the effects of general economic conditions on commercial properties, and the increased difficulty of evaluating and monitoring these types of loans. In addition, the repayment of loans secured by commercial real estate is typically dependent on the successful operation of the related business activities.

EXPOSURE TO LOCAL ECONOMIC CONDITIONS

The success of the Company and the Bank are dependent to a large extent upon general economic conditions in the geographic markets served by the Bank. Since the Bank's lending activities are conducted primarily with borrowers located in south central and western Maine, the economic conditions in Maine and in the Bank's specific market area therein will have a significant impact on the repayment of credit extended by the Bank. The Bank's market area is characterized by a diverse economy and a strong emphasis on the tourist industry. The banking industry in Maine is affected by general economic conditions such as inflation, recession, unemployment, and other factors beyond the Company's control. Economic recession over a prolonged period of time in the State of Maine has in the recent past and could in the future cause significant increases in nonperforming assets, thereby causing operating losses, impairing liquidity, and eroding capital. There can be no assurance that future adverse changes in the local economy would not have a material adverse effect on the Company's consolidated financial condition, results of operations, or cash flow.

ADEQUACY OF ALLOWANCE FOR LOSSES ON LOANS

In originating loans, there is a substantial likelihood that credit losses will be experienced. The risk of loss will vary with, among other things, general economic conditions, the type of loan being made, the creditworthiness of the borrower over the term of the loan and, in the case of a collateralized loan, the quality of the collateral for the loan. The Company maintains an allowance for losses on loans at a level considered adequate by management to cover losses that are currently anticipated based on, among other things, management's experience, past loan loss experience, an evaluation of general economic conditions, information about specific loan relationships, including financial position and collateral values, regular reviews of delinquencies and loan portfolio quality, and other factors and estimates that are subject to change over time. Based upon such factors, management makes various assumptions and judgements about the ultimate collectability of the loan portfolio and provides an allowance for potential loan losses based on a percentage of outstanding loan balances and for specific loans when their ultimate collectability is considered questionable. Since certain lending activities involve greater risks, the percentage applied to specific loan types may vary. The amount of future losses is susceptible to changes in economic, operating, and other conditions beyond the Company's control, and such losses may exceed the Company's current allowance for loan losses.

At March 31, 1998, the Company had total non-performing loans of approximately \$2,926,000, which represented approximately 1.08% of total loans. As of that same date, the Company's allowance for losses on loans was \$3,038,000, or approximately 1.12% of total loans and approximately 104% of total non-performing loans. The Bank actively manages its past due and non-performing loans in an effort to minimize credit losses and monitors its asset quality to maintain an adequate allowance for losses on loans. Although management believes that its allowance for losses on loans is adequate, there can be no assurance that the allowance will be adequate to cover actual losses. Furthermore, although management uses the best information available to make determinations with respect to the allowance for losses on loans, future adjustments may be necessary if economic conditions differ substantially from the assumptions used or adverse developments arise with respect to the Bank's non-performing or performing loans. Material additions to the Bank's allowance for losses on loans would result in a decrease of the Bank's net income and capital of the Company and the Bank, and could result in the inability to pay dividends, among other adverse consequences.

COMPETITION

The banking business is highly competitive and the profitability of the Company depends principally upon its ability to compete in its market area in the State of Maine. The Company competes with other savings banks, commercial banks, credit unions, finance companies, mutual funds, insurance companies, brokerage and investment banking firms, asset-based nonbank lenders, and governmental organizations that may offer subsidized financing at lower rates than those offered by the Company. Many of those competitors have significantly greater resources (financial and other) and higher lending limits than the Company. Although the Company has been able to compete effectively in the past, no assurance can be given that the Company will be able to compete effectively in the future. Various legislative acts and regulatory rules and interpretations in recent years have led to increased competition among financial institutions. There can be no assurance that the United States Congress will not enact legislation that may further increase competitive pressures on the Company. Competition from both financial and non-financial institutions is expected to continue.

INTEREST RATE RISK

The consolidated net income of the Company depends to a substantial extent on its net interest income, which reflects the difference between the interest income the Bank receives from interest earning assets (such as loans and securities) and the interest expense on interest bearing liabilities (such as deposits, borrowings, and other sources of funds). Accordingly, like most financial institutions, the operations and profitability of the Bank are largely impacted by changes in interest rates and management's ability to control interest rate sensitivity of the Bank's assets and liabilities and manage its interest rate risk. Although the Bank manages other risks in the normal course of business, such as credit and liquidity risks, management considers interest rate risk to be its most significant market risk and which could potentially have the largest material effect on the Bank's financial condition and results of operations. Interest rates are highly sensitive to many factors which are beyond the Bank's control, including, general economic conditions and the policies of various governmental regulatory authorities. Interest rate risk arises from mismatches (i.e., interest rate sensitivity gap) between the dollar amount of repricing or maturing assets and liabilities, and is measured in terms of interest rate sensitivity gap to total assets. More assets repricing or maturing than liabilities over a given time frame is considered asset-sensitive and is reflected as a positive gap, and more liabilities repricing or maturing than assets over a given time frame is considered liability-sensitive and is reflected as a negative gap. An asset-sensitive position (i.e., positive gap) will generally enhance earnings in a rising interest rate environment and will negatively impact earnings in a falling interest rate environment, while a liability-sensitive position (i.e., negative gap) will generally enhance earnings in a falling interest rate environment and negatively impact earnings in a rising interest rate environment. Fluctuations in interest rates are not predictable or controllable. The Company has attempted to structure its asset and liability strategies to mitigate the impact on net income of changes in market interest rates. To accomplish this, management has increased the Bank's variable rate loans to 63% of the total loan portfolio. The Bank's adjustable-rate loans are primarily tied to published indices, such as The Wall Street Journal prime rate and one year U.S. Treasury Bills. In this regard, over the past few years, the Bank's interest rate sensitive assets and liabilities have been closely matched with respect to its one-year gap position and the Bank has only a slightly positive two-year gap position which suggests that

the Bank's net yield on interest-earning assets may decline during periods of declining interest rates. Management believes that the maintenance of a slight asset-sensitive position is appropriate since historically interest rates tend to rise faster than they decline. An increase in short-term interest rates will also increase deposit and other funding advance rates, increasing the Bank's interest expense. However, the actual impact on net interest income will depend on, among other things, market conditions, actual rates charged on the Bank's loan portfolio, deposit, and advance rates paid by the Bank, and loan volume, and customer reaction to interest rate volatility.

SUPERVISION AND REGULATION; PAYMENT OF DIVIDENDS

Savings and loan holding companies and banking associations operate in a highly regulated environment and are subject to the supervision of federal and state regulatory agencies. As a savings and loan holding company, the Company is subject to regulation, examination, and supervision by the OTS and by agencies of the State of Maine. The Bank is subject to regulation and examination by the OTS and the FDIC. These laws and regulations govern matters ranging from the regulation of certain debt obligations, changes of control and mergers, and the maintenance of adequate capital to the general business operations and financial condition of the Bank, including permissible types, amounts, and terms of loans and investments, the amount of reserves against deposits, restrictions on dividends, establishment of branch offices, and subsidiary investments and activities. These regulations are intended primarily for the protection of depositors, rather than the benefit of investors, and they restrict the manner by which the Company and the Bank may conduct their business and obtain financing. The Company and the Bank are subject to changes in federal and state law, as well as regulation and governmental policies, income tax laws, and accounting principles. The effects of any potential changes cannot be predicted but could adversely affect the business and operations of the Company and the Bank in the future.

The Company's principal source of funds is cash dividends from the Bank. The payment of dividends by the Bank to the Company is subject to restrictions imposed by federal banking laws, regulations, and authorities. The OTS's capital distribution regulations limit the Bank's ability to pay dividends to the Company based on the Bank's capital level and supervisory condition. Under the regulations, a savings institution that meets the OTS capital requirements is generally permitted to make capital distributions during a year up to the greater of (i) 100% of its net income during that year, plus the amount that would reduce by one-half its "surplus capital ratio" at the beginning of the calendar year (the excess capital over its capital requirements), or (ii) 75% of its net income over the most recent four-quarter period. In addition, an insured depository institution is prohibited from declaring any dividend, making any other capital distribution, or paying a management fee to its holding company if, following the distribution or payment, the institution would be classified as "undercapitalized" or lower. As of March 31, 1998, the Bank met the OTS requirements as a "well capitalized" institution. There can be no assurance that the Bank will continue to meet its capital requirements or that its net income and surplus capital in the future will be sufficient to permit the payment of dividends by the Bank to the Company. In the event that the capital of the Bank falls below its capital requirements or the OTS notifies the Bank that it is in need of more than normal supervision, the ability of the Bank to pay dividends could be further restricted or even eliminated.

DEPENDENCE ON KEY PERSONNEL

The Company and the Bank are dependent on the leadership and performance of James D. Delamater, their President and CEO, and certain other executive officers. If the services of Mr. Delamater or any of such executive officers should become unavailable for any reason, a failure to replace them promptly could have a material adverse effect on the Company. Although the Company has obtained a key man life insurance policy on Mr. Delamater in the amount of \$1.0 million with the Company named as a beneficiary, none of the key members of management has a written employment agreement.

CERTAIN ARTICLES OF INCORPORATION AND BYLAW PROVISIONS

The Company's Articles of Incorporation and Bylaws contain certain provisions that could discourage potential acquisition proposals, or delay or prevent an attempted acquisition or change of control of the

Company. Among other things, these provisions (i) establish certain supermajority voting requirements for certain business combinations not approved by at least two-thirds of the directors who are not affiliated with, or stockholders of, the acquiring party and certain fair price provisions to be satisfied in connection with a business combination, (ii) establish a supermajority voting requirement as a condition to stockholder action to make certain amendments to the Company's Articles of Incorporation or Bylaws, (iii) establish certain advance notice procedures for nomination of candidates for election as directors and for stockholder proposals to be considered at an annual meeting of stockholders, (iv) restrict the ability of stockholders to act by less than unanimous written consent in lieu of a meeting, and (v) establish a supermajority voting requirement to remove a director without cause. The Company's Articles of Incorporation authorize the Board of Directors of the Company to issue shares of preferred stock without stockholder approval and upon such terms as the Board of Directors may determine. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions, financings, and other corporate purposes, could also have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a controlling interest in the Company.

USE OF PROCEEDS

The Company will not receive any of the proceeds from the sale of Shares offered hereby by the Selling Stockholder. See "Selling Stockholder".

PRICE RANGE OF COMMON STOCK AND DIVIDENDS

The shares of Common Stock of Northeast Bancorp have been listed and principally traded on the AMEX under the trading symbol "NBN" since April 4, 1997 and prior thereto on the Nasdaq National Market ("Nasdaq-NNM"). * Further adjusted to reflect a 100% stock dividend paid on December 15, 1995.

On June 12, 1998, the last sales price reported for the Common Stock on the AMEX was \$15.875 per share. Prospective purchasers are urged to obtain current quotations for the market price of the Common Stock. As of close of business on June 12, 1998, there were approximately 2,461,119 shares of Common Stock outstanding held by approximately 445 stockholders of record.

The amount and timing of future dividends payable on the Common Stock will depend on, among other things, future earnings, the financial condition of the Company, regulatory considerations, and other factors, including the ability of the Bank to pay dividends to the Company, the amount of cash on hand at the Company, and its obligations to pay dividends to holders of its preferred stock.

Northeast Bancorp has 45,454 shares of Series A Preferred Stock outstanding. The Series A Preferred Stock is convertible into Common Stock on a three-for-one basis and carries a dividend rate of two percent below the prime rate of the First National Bank of Boston, but in no event shall such rate be less than 7% per annum. There is only one holder of the Series A Preferred Stock, the Selling Stockholder, and there is no trading market for the Series A Preferred Stock. Although convertible into three shares of Common Stock, each share of Series A Preferred Stock is entitled only to one vote on all matters submitted to a vote of the Company's stockholders.

SELLING STOCKHOLDER

The following table sets forth the name of the Selling Stockholder, the number of shares of Common Stock beneficially owned as of the date of this Prospectus, the number of shares of Common Stock being offered hereby by the Selling Stockholder, and the number of shares of Common Stock to be beneficially owned by the Selling Stockholder after the consummation of the offering. All information with respect to beneficial ownership has been furnished by the Selling Stockholder.

NAME OF SELLING STOCKHOLDER	BENEFICIAL OWNERSHIP AT JUNE 12, 1998		TOTAL NUMBER OF SHARES TO BE SOLD IN THE OFFERING	BENEFICIAL OWNERSHIP AFTER THE OFFERING	
	NUMBER OF SHARES(1)	PERCENTAGE OF CLASS(2)		NUMBER OF SHARES(1)	PERCENTAGE OF CLASS(2)
Square Lake Holding Corporation(3).....	693,813(4)	25.2%	350,000	343,813(5)	12.5%

- (1) In accordance with Rule 13d-3 promulgated pursuant to the Securities Exchange Act of 1934, a person is deemed to be the beneficial owner of a security for purposes of the rule if he or she has or shares voting power or dispositive power with respect to such security or has the right to acquire such ownership within sixty days. As used herein, "voting power" is the power to vote or direct the voting of shares, and "dispositive power" is the power to dispose or direct the disposition of shares, irrespective of any economic interest therein. Accordingly, since the Series A Preferred Stock held by Square Lake (defined below) are presently convertible into Common Stock and its warrants are currently exercisable, the number of shares of Common Stock disclosed hereunder include those shares of Common Stock that Square Lake may acquire upon conversion of the Series A Preferred Stock and upon exercise of its warrants.
- (2) In calculating the percentage ownership for a given individual or group, the number of shares of Common Stock outstanding includes unissued shares subject to options, warrants, rights or conversion privileges exercisable within sixty days held by such individual or group, but are not deemed outstanding for any other person or group. Accordingly, these percentages assume the conversion of the Series A Preferred Stock by Square Lake and the exercise of its warrants. Prior to conversion of the Series A Preferred Stock each share of Series A Preferred Stock has only one vote (regardless of the applicable conversion rate) on each matter presented to a vote of the Company's stockholders.
- (3) Square Lake Holding Corporation ("Square Lake"), a Maine corporation, is a wholly-owned subsidiary of a New Brunswick corporation which, in turn, is wholly-owned by Ronald J. Goguen. Mr. Goguen has been a director of Northeast Bancorp since 1990.
- (4) Represents the beneficial ownership of Mr. Goguen. Includes Square Lake's beneficial ownership of (i) 401,980 shares of Common Stock, (ii) 136,362 shares of Common Stock issuable upon conversion of 45,454 shares of Series A Preferred Stock, and (iii) 153,146 shares of Common Stock issuable upon the exercise of warrants to purchase shares at a price of \$4.667 per share; and 2,325 shares of Common Stock held by Blue Chip Investments, Inc., a New Brunswick corporation ("Blue Chip"), of which Mr. Goguen holds 100% of its voting securities. Shares of the Series A Preferred Stock are convertible into shares of Common Stock without further consideration at a ratio of three-for-one.
- (5) Consisting of Square Lake's beneficial ownership of (i) 51,980 shares of Common Stock, (ii) 136,362 shares of Common Stock issuable upon conversion of 45,454 shares of Series A Preferred Stock, and (iii) 153,146 shares of Common Stock issuable upon exercise of warrants; and 2,325 shares of Common Stock held by Blue Chip.

UNDERWRITING

Under the terms and conditions set forth in the purchase agreement (the "Underwriting Agreement") among the Company, the Selling Stockholder, and the Underwriter named below (the "Underwriter"), the Underwriter has agreed to purchase from the Selling Stockholder, and the Selling Stockholder has agreed to sell to the Underwriter, the number of shares of Common Stock set forth below:

UNDERWRITER -----	NUMBER OF SHARES -----
Advest, Inc.....	350,000

Total.....	350,000 =====

The Underwriting Agreement provides that the obligations of the Underwriter are subject to approval of certain matters by its counsel and to various other conditions. The Underwriter is committed to purchase and pay for all such shares of Common Stock being sold pursuant to the Underwriting Agreement, if any shares of Common Stock are purchased.

The Underwriter has advised the Company and the Selling Stockholder that the Underwriter proposes to offer the shares of Common Stock directly to the public initially at the offering price set forth on the cover page of this Prospectus and to certain selected dealers at such price less a concession not to exceed \$0.50 per share. The Underwriter may allow, and such selected dealers may reallow, a concession not in excess of \$0.10 per share to certain other dealers. After the public offering of the shares, the public offering price, concession and reallowance to dealers may be changed by the Underwriter. The Common Stock is offered and subject to receipt and acceptance by the Underwriter, and to certain other conditions, including the right to reject orders in whole or in part.

The Selling Stockholder, the Company, and the executive officers and directors of the Company and the Bank have agreed that they will not publicly sell, contract to publicly sell, or otherwise publicly dispose of, any shares of Common Stock for a period of 40 days from the date of this Prospectus, without the written consent of the Underwriter; provided, however, that the Company may issue and sell Common Stock pursuant to any employee stock option plan, stock ownership plan, or dividend reinvestment plan of the Company in effect on the date the Underwriting Agreement is executed, and the Company may issue Common Stock upon the conversion of securities or the exercise of warrants outstanding on the date the Underwriting Agreement is executed.

Subject to certain limitations, the Company, the Selling Stockholder, and the Underwriter have agreed to indemnify each other against certain liabilities including liabilities under the Securities Act, or to contribute to payments that the Company, the Selling Stockholder, or the Underwriter may be required to make in respect thereof.

The foregoing is a summary of the principal terms of the Purchase Agreement and does not purport to be complete. Reference is made to a copy of the Underwriting Agreement which is on file as an exhibit to the Registration Statement.

The Underwriter has been engaged in the ordinary course of business, and may in the future be engaged, to perform investment banking and other advisory-related services to the Company, its affiliates, and certain stockholders of the Company. The Underwriter is currently under retainer with the Company to provide such services.

In connection with the offering of the Common Stock, the Underwriter and any selling group members and their respective affiliates may engage in transactions effected in accordance with Rule 104 of the Securities and Exchange Commission's Regulation M that are intended to stabilize, maintain, or otherwise affect the market price of the Common Stock. Such transactions may include stabilizing transactions in which they bid for, and purchase, shares of the Common Stock at a level above that which might otherwise prevail in the open market for the purpose of preventing or retarding a decline in the market price of the Common Stock. The Underwriter also may bid for, and purchase, shares of Common Stock to reduce a short position

incurred by the Underwriter to reclaim any selling concessions otherwise accruing or allowed to a selling group member in connection with the offering if the Common Stock originally sold by such selling group member is repurchased by the Underwriter and therefore has not been effectively placed by such selling group member. Any of the foregoing transactions may result in the maintenance of a price for the Common Stock at a level above that which might otherwise prevail in the open market. Neither the Company nor the Underwriter makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Common Stock. The Underwriter is not required to engage in any of the foregoing transactions and, if commenced, such transactions may be discontinued at any time without notice.

LEGAL MATTERS

The validity of the shares of Common Stock offered hereby has been passed upon for Northeast Bancorp by Carlton, Fields, Ward, Emmanuel, Smith & Cutler, P.A., Tampa, Florida. Certain legal matters in connection with the Shares will be passed upon for the Underwriter by Tyler Cooper & Alcorn, LLP, Hartford, Connecticut. Certain legal matters will be passed upon for the Selling Stockholder by Carlton, Fields, Ward, Emmanuel, Smith & Cutler, P.A., Tampa, Florida.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 719 of the Maine Business Corporation Act provides as follows:

1. A corporation shall have power to indemnify or, if so provided in the bylaws, shall in all cases indemnify, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, trustee, partner, fiduciary, employee or agent of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by that person in connection with such action, suit or proceeding; provided that no indemnification may be provided for any person with respect to any matter as to which that person shall have been finally adjudicated:

A. Not to have acted honestly or in the reasonable belief that such person's action was not in or not opposed to the best interests of the corporation or its shareholders or, in the case of a person serving as a fiduciary of an employee benefit plan or trust, in or not opposed to the best interest of that plan or trust, or its participants or beneficiaries; or

B. With respect to any criminal action or proceeding, to have had reasonable cause to believe that person's conduct was unlawful.

The termination of any action, suit or proceeding by judgment, order or conviction adverse to that person, or by settlement or plea of nolo contendere or its equivalent, shall not of itself create a presumption that a person did not act honestly or in the reasonable belief that such person's action was in or not opposed to the best interest of the corporation or its shareholders or, in the case of a person serving as a fiduciary of an employee benefit plan or trust, in or not opposed to the best interests of that plan or trust or its participants or beneficiaries and, with respect to any criminal action or proceeding, had reasonable cause to believe that person's conduct was unlawful.

1.A. Notwithstanding any provision of subsection 1, a corporation shall not have the power to indemnify any person with respect to any claim, issue or matter asserted by or in the right of the corporation as to which that person is finally adjudicated to be liable to the corporation unless the court in which the action, suit or proceeding was brought shall determine that, in view of all the circumstances of

the case, that person is fairly or reasonably entitled to indemnity for such amounts as the court shall deem reasonable.

2. Any provision of subsection 1, 1-A or 3 to the contrary notwithstanding, to the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsection 1 or 1-A, or in defense of any claim, issue or matter therein, that director, officer, employee or agent shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by that director, officer, employee or agent in connection therewith. The right to indemnification granted by this subsection may be enforced by a separate action against the corporation, if an order for indemnification is not entered by a court in the action, suit or proceeding wherein that director, officer, employee or agent was successful on the merits or otherwise.

3. Any indemnification under subsection 1, unless ordered by a court or required by the bylaws, shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances and in the best interest of the corporation. That determination shall be made by the board of directors by a majority vote of a quorum consisting of directors who were not parties to that action, suit or proceeding, or if such a quorum is not obtainable, or even if obtainable, if a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or by the shareholders. Such a determination once made may not be revoked and, upon the making of that determination, the director, officer, employee or agent may enforce the indemnification against the corporation by a separate action notwithstanding any attempted or actual subsequent action by the board of directors.

4. Expenses incurred in defending a civil, criminal, administrative or investigative action, suit or proceeding may be authorized and paid by the corporation in advance of the final disposition of that action, suit or proceeding made in accordance with the procedure established in subsection 3 that, based solely on the facts then known to those making the determination and without further investigation, the person seeking indemnification satisfied the standard of conduct prescribed by subsection 1, or if so provided by the bylaws, these expenses shall in all cases be authorized and paid by the corporation in advance of the final disposition of that action, suit or proceeding upon receipt by the corporation of:

A. A written undertaking by or on behalf of the officer, director, employee or agent to repay that amount if that person is finally adjudicated:

(1) Not to have acted honestly or in the reasonable belief that such person's action was in or not opposed to the best interests of the corporation or its shareholders or, in the case of a person serving as a fiduciary of an employee benefit plan or trust, in or not opposed to the best interests of such plan or trust or its participants or beneficiaries;

(2) With respect to any criminal action or proceeding, to have had reasonable cause to believe that the person's conduct was unlawful; or

(3) With respect to any claim, issue or matter asserted in any action, suit or proceeding brought by or in the right of the corporation, to be liable to the corporation, unless the court in which that action, suit or proceeding was brought permits indemnification in accordance with subsection 2; and

B. A written affirmation by the officer, director, employee or agent that the person has met the standard of conduct necessary for indemnification by the corporation as authorized in this section.

The undertaking required under paragraph A shall be an unlimited general obligation of the person seeking the advance, but need not be secured and may be accepted without reference to financial ability to make the repayment.

5. The indemnification and entitlement to advances of expenses provided by this section shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in that person's

official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, agent, trustee, partner or fiduciary and shall inure to the benefit of the heirs, executors and administrators of such a person. A right to indemnification required by the bylaws may be enforced by a separate action against the corporation, if an order for indemnification has not been entered by a court in any action, suit or proceeding in respect to which indemnification is sought.

6. A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, trustee, partner, fiduciary, employee or agent of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or other enterprise against any liability asserted against that person and incurred by that person in any such capacity, or arising out of that person's status as such, whether or not the corporation would have the power to indemnify that person against such liability under this section.

7. For purposes of this section, references to the "corporation" shall include, in addition to the surviving corporation or new corporation, any participating corporation in a consolidation or merger.

The Company's Bylaws provide for the indemnification of directors and officers. The general effect of the Bylaw provisions is to indemnify any director or officer against any liability arising from any action or suit to the full extent permitted by Maine law as referenced above. Advances against expenses may be made under the Bylaws and any other indemnification agreement that may be entered into by the Company, and the indemnity coverage provided thereunder may include liabilities under the federal securities laws as well as in other contexts. Reference is made to Article X of the Company's Bylaws filed as Exhibit 3.2 hereto.

The Company has purchased and maintains insurance on behalf of any person who is or was a director or officer against any loss arising from any claim asserted against any such person and incurred by such person in any such capacity, subject to certain exclusions.

Pursuant to the Purchase Agreement, the Company, the Selling Stockholder and the Underwriter shall agree to indemnify each other under certain circumstances and conditions against and from certain liabilities, including liabilities under the Securities Act of 1933, as amended.

ITEM 17. UNDERTAKINGS.

The undersigned registrant hereby undertakes that, for the purposes of determining liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of the registration statement in reliance on Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For purposes of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Post-Effective Amendment No. 1 to the Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Auburn, and State of Maine, on the 18th day of June, 1998.
